RUSSELL MALLOY BEGINS SERVING SENTENCE

Austin Called To Washington To Discuss Charges

PARLEY REQUESTED BY "DRY" LEADER

Alabama Agent Asked To Visit Capital To Talk With Haynes

CITY OF GIRARD TO BE CLEANED UP

Law Enforcement Men Will Stay On Job In Russell County

(Associated Press.)

WASHINGTON, April 26.—Conrad W. Austin, general prohibition agent, with headquarters in Birmingham, who resigned yesterday because he was not given a free hand in the investigation of charges made against federal enforcement officers in Alabama, South Carolina and Florida, has been asked by Prohibition Commissioner Haynes to come to Washington to discuss the charges, it was announced today.

Mr. Austin has announced he would institute an independent investigation of conditions in Alabama, beginning at point at which he was halted, it was claimed, by Mr. Overpeck, chief of the eighth division.

If results are not obtained by this private investigation, Mr. Austin declared he would call a mass meeting of Alabama citizens, to whom he would present the case in detail as far as his investigation had carried.

The assistant prohibition director at Birmingham and three of his staff recently were suspended by Commissioner Haynes and the intelligence unit of prohibition headquarters it was said today to be conducting a thorough investigation of the office.

Mr. Austin's resignation later was explained at prohibition headquarters to have resulted from a misunderstanding of his duties in the Birmingham inquiry.

Upon receipt of complaint against the suspended prohibition agents, Mr. Austin was assigned by Commissioner Haynes to make a preliminary inquiry. This developed sufficient facts, it was said, to warrant the four suspensions and also a further and more thorough investigation by the intelligence unit of the treasury department.

In accordance with the usual practice, it was explained, Mr. Austin was relieved from further work in the investigation when it was turned over to the intelligence unit.

GIRARD, Ala., April 26.—The laws of prohibition, state and national will be enforced here, even though martial law is necessary, according to citizens who returned today from Montgtomery, where they yesterday received unqualified support of Governor William W. Brandon, who promised to lend every energy at his command to "clean up the town."

State law enforcement officers are on duty in Russell county and will remain here "as long as necessary," Chief McAdory, of this department, assurred the Girard delegation. These state officers are being augumented by federal enforcement officers, it was stated.

In their formal statement to the Governor, the citizens committee asserted that "no relief can be obtained from local officers."

Good Response To Call For Clothing

A goodly response to the call made through The Daily by Dr. H. C. McRee for clothing for a widow and her children, has been made, and for the present time sufficient clothing has been provided. One check was sent in for the relief of the family. Dr. McRee and Miss Ella Dale both stated this morning. that some bedding and a bedstead were now needed by the same family, and that county health authorities would see that any relief furnished the family in question would be properly accounted for.

Tammany Boss Fails in Suit.

Charles F. Murphy

A jury in New York failed to agree in the suit for $173,000 brought by Tammany Boss Charles F. Murphy against Louis N. Hartog. Murphy alleged that he invested the money with Hartog in a glucose deal, but that he wanted to get out because, he alleged, Hartog was a war profiteer. It was alleged Murphy was brought into the company merely that his political influence could get glucose for Hartog during the war. For the first time in his 20 years as a political power Murphy went on the stand and withstood a severe grilling from Hartog's attorney.

POWELL RELEASED ON A $4000 BOND

On a bond approved by Judge William T. Lowe, of the Morgan County court, Abe Powell, charged in a warrant with murder in connection with the killing of G. C. Halbrooks, is now at liberty.

The preliminary trial of Powell set for yesterday did not occur, as Solicitors D. C. and T. C. Almon, after informal conversations with many witnesses, summoned for the case, were conviced that Powell was entitled to bail. A conference was then held between solicitors and the attorneys for Powell, and the amount of the bond agreed on was $4000.

L. O. Stout and S. W. Irwin, signed the bond, after Judge Lowe examined the signatures and the amount of the bond, he approved it. Immediately Powell was set at liberty, until a future term of the circuit court is held. In case a special grand jury is called, Powell's case may come before the June term of the circuit court. In case no special grand jury is called the case will have to wait until the fall meeting of the grand jury, it was stated at the court house.

DUKE OF YORK WEDS GIRL OF HIS CHOICE

(Associated Press.)

LONDON, April 26.—Albert,, duke of York, was united in marriage with Lady Elizabeth Bowes Lyon in solemn old Westtminster abbey at noon today with a pomp and panopy reminiscent of the spacious days of the mid-Victorian era and amid the tumultous demonstrations of the vast throngs that gathered under threatening skies to witness the wedding pageant.

As the cortege entered the abbey a slight drizzle of rain fell, but soon after the son broke through the clouds and as the royal pair made their exit they were greeted with brilliant sun shine, recalling the old quotation "how happy is the bride the sun shines on."

It was the second time in a little more than a year that the King and Queen of England gave one of their children in wedlock to a person outside the realm of royalty. While the marriage of the sovereign's second son did not stir the popular imagination of the British empire as did Princess Mary's wedding, the romance which turned a simple Scottish girl into a royal princess bride.

WATER MAINS HERE WILL BE EXTENDED

Eight Inch Main To Be Laid In Western Section Of City

ASK PERMISSION TO SELL BONDS

Charles H. Eyster Back From Hearing Of Utility Body

Anticipating continued industrial development the Alabama Water Company is seeking through its attorney, Charles H. Eyster, to get legal approval for a $105,000 6 per cent 25 year first and refunding mortgage bond issue, the proceeds from the sale of which are to be used in part in the Twin Cities and in part in other cities of the state.

The first improvement the company proposes to make here, according to Mr. Eyster, will be the laying of an 8 inch water main, under the Louisville and Nashville railroad tracks near the Second street crossing of the railroad.

Mr. Eyster stated that at present only one water main had been laid by his company into what is known as "West" Albany, and that this main crossed under the Louisville and Nashville tracks at Moulton street.

The industrial development anticipated west of the railroad in addition to the silk mill, such as the probable removal of the Decatur Cornice and Roofing Company to a section just south of Second street, west at no distant date as one of the several contributing causes of the enlarged program of the water company.

In a yesterday's dispatch from Montgomery an account of the purposes of the water company are given, and reference is made to the installation of water meters in Decatur.

Mr. Eyster was shown the Montgomery dispatch this morning and he stated it was substantially correct.

It is set forth that the public service commission is now considering Mr. Eyster's request, the advisability of the proposed bond issue. When the $105,000 worth of bonds are sold not only Albany and Decatur water facilities will be improved but Anniston, Jasper, Bessemer, Attala, Oneonta, Greensboro and Girard will likewise benefit.

Girard is to have a new filtering plant, Bessemer is to have new mains laid and the other cities mentioned are to have other similar improvements.

Mr. Eyster has been in Montgomery several days looking after the interests of the company, and stated this morning that he expected a hearing from the public service commission within a short time. He said that the proposed improvements for the Twin Cities would be made just as quick as the bond sale was authorized and the bonds sold.

GEORGIA YOUTH TO BE HANGED FRIDAY

(Associated Press)

ATLANTA, Ga., April 26.—Sheriff L. W. Harmon, of Walker County, said over the telephone today that he would hang George Baker about noon tomorrow, Friday, in the jail yard in the town of LaFayette and would allow none but those having permits, issued by him, to witness the execution.

Ralph Baker, the younger of the two brothers, whose sentence was yesterday commutted to life imprisonment by Governor Hardwick, will go to whatever place the prison commission assigns him.

The execution of George Baker will be the first in Walker County since 1891, when a negro was hanged. George and Ralph Baker were convicted of the murder of Deputy Sheriff J. W. Wharton, of Walker County, on March 18 of last year in the little mining town of Durham.

CENTENNIAL MEET OF BAPTISTS HELD

Baptists Of County In Special Convention At Hartselle

CHURCH HISTORY GIVEN OUTLINE

Speakers Tell Of The Early Struggles Of Denomination

The Baptistts of the Morgan County Association met for their centennial program at Hartselle Wednesday.

T. M. Dix, chairman of the Executive Committee, presided. In the absence of Rev. J. E. Roan the devotional was led by Rev. S. D. Monroe of the First Church Albany. The song service was led by Rev. G. C. Walker. Rev. J. I. Stockton was the first speaker on the program and his subject was "The History of the Muscle Shoals Association for 100 years." The next speaker was Miss Blancha White, Field Worker for the Woman's Miissionary Union of the South. She stated that "FAITH is listening to God, hearing what he says and obeying without asking any questions." She told of the beginnings of the woman's societies and their marvelous growth. The women's societies were asked to raise one fifth of the $75,000,000.00 fund whereas they are paying one third of it. Mrs. A. T. Hanson, W. M. U. leader for Morgan County introduced Miss White.

Rev. E. E. Weaver and Prof. F. L. Hayes spoke on thte cooperative work of the Association and were followed by Rev. J. D. McClannahan who told the history of the Hartselle Church. Rev. J. E. Weaver in a brief address stressed the importance of the Associational Work and pledged his hearty support. The brief history of the Central Church, Albany was given by Rev. J. I. Stockton. At 11 a. m., after a song by Mr. J. Fred Scholfield, Dr. J. E. Dillard delivered the address of the hour on "The Baptist Fundamental and Present Needs." He stated that this fundamental is a "Great Stone" of six sides on which are the letters CHRIST and that looking at the stone from the six angles or sides there is the Fundamental expressed in THE LORDSHIP OF JESUS, THE WILL OF JESUS IN THE NEW TESTAMENT, THE COMPETENCR OF THE SOUL, THE SYMBOLISM OF THE ORDINANCES, RELIGION AN EXPRESSION OF GRACE—A REGENERATED CHURCH MEMBERSHIP, EACH LOCAL CHURCH A DEMOCRACY. The speaker stated that the hope of the world is in Jesus Christ. He alone satisfies the human heart and is the hope of the nations. Jesus Christ alone can save the world from the chaos and ruin towards which it is headed.

After a splendid dinner on the church lawn the devotional was led by Rev. J. E. Weaver when the women held a conference in one auditorium and the men in another. In these conference plans for the summer work were discussed and an associational program was discussed in which it is hoped to reach through the work of Rev. E. E. Weaver and Prof. Hays every district and every church in the Association.

The afternoon address was delivered by Rev. S. H. Bennett of Montgomery. He spoke on The Baptist Task. The great task of Baptists according to this speaker is to enlist every individual member in active, Christian servce, and to complete the great campaign which cares for the educational, missionary and benevolent objects.

Among those attending the Hartselle meeting were: Dr. C. C. Davison, Mr. and Mrs. T. M. Dix, Mrs. A. T Hanson, Mrs. W. J. Garnett, Mrs. H P. Webb, Mrs. T. M. Jones, Mrs. E. J. Polhill, Mrs. D. D. Gibson, Mrs. Charles Worthington, Mrs. H. S. Roberts, Mrs. Lizzie Butler, Mrs. Dooley, Mrs. J. W. Pipkin, Mrs. Claud Gallaher, Mrs. E. E. Speer, Mrs. A. C. Frazier, Mrs. J. W. Gibson, Dr. W. P. Reeves, Dr. James E. Dillard, J. Fred Scholfield, Mrs. W. H. Simpson, J. P. Matlock, Mrs. T. E. Williams, Rev. and Mrs. S. D. Monroe.

THAYER AND MRS. PRINCE NOT YET WED.

E. V. R. Thayer and Mrs. Harding Prince.

Despite reports form Europe that Mrs. Harding Prince, daughter of W. P. G. Harding, head of the Federal Reserve Bank of Boston, had been married, in France, to E. V. R. Thayer, Chairman of the Board of Directors of the Stutz Motor Company, both denied it when they returned to New York on the same steamer,though they would not deny they intended soon to be married. Mrs. Prince secured a divorce, in Paris, from Frederick Prince, noted Boston society man and war hero.

Florence Hit By Great Fire Loss

(Associated Press.)

FLORENCE, Ala., April 26.—The Jefferson hotel, a four story brick and stone building, on one of the most prominent corners f the city, is wrapped in flames and will be totally destroyed by fire which broke out shortly before noon today.

Fire departments of Sheffield, Tuscumbia, the U. S. nitrate plant No. 2 and Florence are aiding in the fight to limit the blaze to the hotel building, but it appears that several adjoining strnuctures will possibly burn.

Buildings across the street are in danger now. An explosion of gasoline in a pressing shop in the basement of the hotel caused the blaze.

The hotel, which is just across the street from the Lauderdale county courthouse is one of the largest buildings in the city.

It was sold on Monday of this week at a mortgage sale and brought a price of $35,000. The new owner placed $23,000 of insurance yesterday.

With the fire departments of all the Tri-Cities and the government fire truck from nitrate plant No. 2 on the job, it appears probable the fire will be limited to the hotel.

The structure and its contents were probably worth about $75,000 to $100,000, The building and contents will be a total loss.

REVIVAL CONTINUES TO ATTRACT CROWDS

The revival at the Central Baptist church continues to grow in interest with earnest attention given to the messages of Dr. Dillard. The song services, as led by J. Fred Scholfield, are arousing much enthusiasm. A special feature of that service of last night was the choruses as sung by the newly organized choir.

"The Awakening Chorus" as led by Mr. Scholfield thrilled the audience. "Don't Forget to Pray" was sung by the male quartette from the Louisville and Nashville shops. This song proved very effective and the congregation joined in an invitation to these good singers to repeat their song service.

This quartette is expected to sing again tonight, when the services will be especially for the men who are employed in the local shops and all railroad men.

Dr. Dillard's text was: "God so loved the world that He gave his only begotten son, that whosoever believieth in Him should not perish but have everlasting life." Dr. Dillard said the text was "The Primer of Theology."

LARGE CROWDS HEAR EVANGELIST COALE

The revival at Central Methodist church continued to grow in attendance and enthusiasm. The Tarrying meeting at 9:30 a. m. is proving to be of special favor. Congregations at the morning hour and at the evening service are growing at each service. Almost a capacity house greeted Mr. Coale yesterday evening as he brought a message of soul winning. The speaker in a very earnest way brought to his audience the fact that the reason for the church is to win men and women for Christ. It is the business of the Christian. He called attention to the fact that only five percent of the church at present are busy at the work of winning souls for Christ. The other ninety-five percent are slackers on the job.

Three things are essential, says the speaker, First one must know Christ as a Savior. The Christian will have to take off the "North and South face and put on the East and West face." The world "Wants a religion with a smile." Next, the Christian worker must know his Bible, says the speaker, the young people have the movie itis. They know all the movie stars. They know but little of the Bible. The speaker then stressed the need of the power of the Holy Spirit. The Spirit filled men and women are those who will be able to lead men to know Christ.

The three big chorus choirs are making music for the meeting. Mr. Cunningham is leading the young people in the work. The pastor is expecting great things from the meeting as it grows in interest.

Sheriff Shirley Today In Athens To Get Signatures

BRANDON REFUSES TO GRANT PAROLE

Sensational Case Ends With Defendant Beginning Term

(Associated Press.)

BIRMINGHAM, [illegible]

Russell Malloy today began a 25 year term at Kilby prison, [illegible]ence of the court, imposed in Albany following his conviction on [illegible]es of attacking a young woman while the two were attending a religious convention at Athens last year.

Coincident with his removal from Jefferson County jail to the state [illegible]on, effort was actively started by Sheriff T. J. Shirley, of this [illegible] aided by other officers and citizens to place the case of Malloy before the board of pardons.

Governor Brandon yesterday [illegible] telegram to Sheriff Shirley refusing to grant a temporary parole to Malloy and he was immediately [illegible] to prison to begin his sentence.

Sheriff Shirley is in Athens. He telephoned his office here [illegible]fore noon that he was securing signature of citizens and members of the jury which convicted Malloy to petition, begging pardon for the youth.

The sheriff was quoted as saying he intended going to Florence [illegible] of the young woman, in a statement of his efforts to enlist aid [illegible] whose age was given at 19 years.

FORD PLANS TO DOT STATE WITH PLANTS

(Associated Press.)

DETROIT, Mich., April 26.—[illegible]ments in the state senate at Lansing yesterday to the effect that Henry Ford plans to build a factory on every small waterpower site he can obtain in Michigan and give winter employment to the farmers, were confirmed by persons close to the automobile manufacturer today.

The announcement was made by Senator Andrew D. Clastie. He said if the bill were passed it would mean the establishment of new industrial enterprises in Michigan aggregating $100,000,000 in value and giving employment to all farmers and their helpers at good wages during the time when farm work is slack.

The bill would permit any group of not fewer than three persons to form a corporation to dam any stream or streams for the purpose of producing and selling power. Under the bill it would be possible to condemn land, with the approval of the state public utilities commission.

Mr. Ford proposes, it is understood, to move the factories to the farmers, instead of taking the farmers to the factories.

Under the plan he would dot the state with manufacturing concerns that would operate at full capacity during the winter, the farmers being released each spring to care for their crop.

Banks Are Closed For Memorial Day

On account of Memorial day as set by the Southern states in honor of the defenders of the stars and bars, the banks of the state of Alabama, including those of the Twin Cities will remain closed today. Officials of the U. D. C. stated this morning that the annual services for the Confederate dead would be held this year the first Sunday in June.

DIFFICULTIES WITH MEXICO SHOULD BE SURMOUNTED.

The inability for ten long years of the United States and Mexico to get along together does not speak well for either nation, and the present prospect of establishing diplomatic relations between the two countries is generally regarded as a pleasing one.

It is said that the only thing likely to arise and possibly eventually prevent the establishment of friendly relations is the question as to how the Mexicans will construe Article 27 of their constitution. This provision if given a strict construction will cause some certain American "nationals" to loose some concessions they have acquired in the past.

It is claimed that Article 27 was adopted by the Mexicans some time after the fall of the autocratic government headed by Diaz, and that it is aimed only at concessions unfairly gained.

If this is the case America should not withhold the hand of friendship, provided the question of the claims held by Americans are approached in a fair manner by the Mexican authorities.

It is the disposition of governments to defend its nationals who are in foreign countries, to the limit, and it is this disposition that has brought on many if not most of the wars of the past.

If it should be shown that property held by Americans in Mexico was acquired through unjust means or through some whim or favor of the Diaz or any other government of Mexico, then the Washington government should give way to the claims of the present Mexican government. In a word the merits of the cases as they may come up should decide the issue.

There may be other things that stand in the way of the establishment of diplomatic relations between this country and Mexico such as the way that country acted during the World war—but whatever difficulties, provided the present Mexican government is sincere, they should be surmounted.

THE PARADISE OF HOME.

Truly did the poet say: "There is no place like home." Its environments from youth to old age is the same. In every clime and station in life, its hallowed influences cling like the vine to the trellis, and when the hills of life appear and the trials of life come with their withering power, around the home is found a panacea for every wound, and the healing balm it brings soothes under every misfortune.

BASEBALL IS STRONG HOLD ON THE PUBLIC SHOWN IN OPENING GAME.

Seventy-four thousand people turned out to see the opening game of ball for the season in a major league, and they paid money to see it. That is a larger crowd than the greatest show on earth could corral with the most alluring of posters and the most spirited of street parades. It is a larger crowd than the largest church, with the most eloquent preacher and the greatest choir could attract in a great revival. No church building could hold such a multitude; no circus tent could possibly accomodate it. Only the great out-of-doors can take care of such a mass of people, and then there must be plenty of space at hand.

The great throng attending a big ball game, such as that at the first game of the League season by the New York Yankees does not mean that people are not attracted by the call of the church or the alluring promises of the circus poster. It merely shows the strong hold baseball has upon the American public. It is an expression of America's love for out-of-doors sports and for the thrill and excitement of the game, which is distinctively America's game.

Men abandon their business temporarily to go to the ball game. They sit for two hours or longer in the broiling sun to see men out in front knock a ball here and there and then run madly around the bases. And the fans who perspire and shout and get all excited do not appear any the worse for their experience after it all is over. They have found in the ball park and in the hot sun that which their nature craves and they return to their homes with no remorse and no sheeish look.

The ball game is a great sport. It is a clean, a manly, an American sport. It takes the place, in its proper season, of all other sports, and for nine months in the year it is supreme. That 74,000 people will pay to see a ball game and will endure discomforts to see it, and will shout themselves hoarse and get all excited while seeing it, does not mean that the 74,000 people have suddenly lost their minds. Among them were young, middle-aged and old. After the game they became normal and could talk business, literature, religion or discuss scientific matters just as they did before the game.—Anniston Star.

Whatever else there is about Woodrow Wilson, nobody has ever thought he was wooden in the upper story.

Please sign up for the Tennessee Valley Improvement Association PDQ. The "waiting and watching" policy regarding Mexico continues, despite the criticism heaped upon Wilson for inaugurating it, but it won't work in smaller matters.

As reprehensible as betting is, here's one that Ford gets Muscle Shoals.

Lord Robert Cecil argued the League of Nations with President Harding and on emerging from the White House said he spent a very pleasant half hour. It is doubtful if Harding can say the same.

There is one consolation; if the long time dancers should die, possibly the standard of human intelligence will then be raised slightly.

Albany Drives Batts From Mound To Win School's Tenth Straight Victory

The tide of their opporunity held back until the fifth because of Batt's steady pitching. Albany high school yesterday unloosed a flood of base hits on the Athens Aggie hurler, driving him from the mound and winning their tenth straight victory by a score of 6 to 2.

Up to that frame the locals had been able to collect but a single infield hit off Batts. While the visiting announcsman was turning back the the Purple and Gold team Handy was performing the same trick, but with the county at a nothing-nothing deadlock, Handy started the sixth by beating out a roller to Barker. Pepper slashed a drive over second, which curved away from Whitt, Pep taking third and Handy scoring. Burns fanned, but Bowen doubled to center and Pepper scored. Barnes walked. Batts had enough and R. Coffman took up the pitching burden. Barnes was nipped off first and Bowen started to third. Confused by so much base running, the Athens infield went into the air, and though Barnes was nipped at second base, Barker dropped a throw to third, permitting Bowen to take that base and then Bullington dropped a throw to the plate, permitting Bowen to score. Prosser walked and Coffman's wild pitched him to third. Stinson walked and Mainess was hit, filling the bases. Brisby walked, forcing Prosser over. Handy, up for the second time in the inning, fanned.

Brackeen's home run to deep right field, with R. Coffman aboard by virtue of a hit to short, accounted for the two Athens runs in the eighth. Albany came right back and counted a couple of their own. Prosser doubled to left as a starter. Stinson walked and Prosser went to third on a wild pitch. Mainess dumped a bunt in front of the plate and Prosser rode home. In attempting to take third on play Stinson was thrown out, Coffman to Bullington to Barker. Mainess went to second. Brisby beat out a hit to Coffman, Mainess taking third. Handy went out, H. Coffman to Batts, Mainess scoring. Pepper flew out to Elkins.

Fielding features were not numerous, but Brisby brought tthe crowd to its collective feet in the fourth, when he went back to Prospect Drive to sphere H. Coffman's smash with one hand.

A singular feature of the game was the fact that Stinson, in the box score, had a row of naughts after his name, even though he played the full nine innings. He was up four times, and walked four times, being accredited with no times at bat. He had no chances in the field.

IN MEMORIAM.

Whereas, God in His Infinite wisdom has called our beloved treasurer, Mrs. W. T. Lowe, from a sphere of Christian service to her Heavenly Home, and

Whereas, Mrs. Lowe, as a faithful, efficient officer has for many years been identified with the progress and upbuilding of our W. M. U. and also of our church and Sunday school,

Therefore, be it resolved by the W. M. U. of the Central Baptist Church of Albany, Alabama,

First: That we bow in humble submission to the Divine will of a gracious Heavenly Father; that we extend to her bereaved husband and family our heartfelt sympathy, commending these, her loved ones, to the allwise God, and the consolations of His Grace in their great sorrow.

Second: That we hereby express our appreciation of her beautiful Christian character, her worth as a member of our organization and her loving service as a friend to all with whom she came in contact,

Third: That we cherish the memory of her Christian faith and love as a never failing source of inspiration, and that we shall try to so live that some fair day when we reach the farther shore of that river that separates the wilderness from the King's country, we may clasp her hand again and join her in singing praises to our Blessed Redeemer in that Beautiful Land where God shall wipe away all tears from our eyes,

Fourth: That a copy of these resolutions be spread upon the records of our W. M. U., copies sent to the bereaved family, and that a copy be given to the Alabama Baptist for publication.

MRS. R. H. ALLISON.
MRS. C. A. WORTHINGTON.

GOOD SOAP FOR TWO CENTS A POUND

Make It At Home By This Easy Process—Takes Less Than 30 Minutes.

Nowadays, more and more women are doing as their mothers did and are making their own soap. If you have never tried it, you will be surprised to see how easy it is to make good soap, soft soap, hard soap or floating soap, just by using kitchen scraps and waste grease together with a can of Merry War Lye, the safe and sure soapmaker.

In the old days when soap was made by the boiling process it took nearly all day to make a kettle of soap. Now it is hardly any work at all—requires no boiling—takes less than 30 minutes. Saves you money and gives you all the pure, clean soap you need for kitchen, laundry and all household purposes.

You will find simple directions for soapmaking on the label of every can of Merry War Lye.

Merry War Powdered Lye comes in a convenient can with revolving sifting top that cannot come off, cannot get lost, recloses tightly and preserves contents. It is economical to buy and easy to use.

Athens News

ATHENS, Ala., April 26.—The Decatur District of the North Alabama Conference of the Methodist church is in conference in the First Methodist church of this city this week. Representatives from the churches of the twenty three charges arrived in Athens Tuesday afternoon and will be in session here till Thursday noon.

Dr. W. P. McGlawn, of Decatur, is the Presiding Elder of this District and presided at this meeting. Tuesday afternoon was given to organization and Sunday School work. Tuesday evening was given over to worship when Dr. James A. Duncan, of First church, Decatur, preached an inspiring sermon.

One of the most interesting features of the conference during Wednesday mornings session was the granting of a license to preach to sixteen year old Roy Roberts, of Decatur. He is a bright boy in the third year of High School and the conference will be much interested to watch his career for the years to come.

Dr. Snavely of Birmingham, President of the Birmingham-Southern College, is attending the meeting. He made a brief address Wednesday morning about the work of the college. He states that about one thousand students are reached each year by the institution. There are 68 candidates for the ministry among the students in the institution at present.

Dr. J. M. McClusky, of Huntsville, Presiding Elder of the Huntsville District, preached for the congregation at the eleven o'clock hour Wednesday. He took Stephens as his subject and placed great emphasis on the work of the layment of the church. He said: "In apostolic days, they placed emphasis on the character of the person who would take an active part in the Lord's work, but in this day we place into authority those who have money." The speaker said further "We need men today who are filled with grace and power to back the ministry. It was a great message.

The First Methodist church is doing itself honor in the way it is caring for the messengers. A great dinner was served at the church for all the visitors at the noon hour Wednesday. The fellowship was fine.

Memorial services are to be held in Athens on the public square at 2:30 p. m. Thursday under the auspices of the United Daughters of tthe Confederacy. A good proram has been arranged and the people of the community will enter heartily into it.

A mass meeting of the citizens of Athens has been called for 7:30 on Thursday evening at the court house to hear the findings of the Clean Up Campaign which has been on for some days in Athens. There will be moving pictures given at this time which will be of interest and profit to the people.

TUTEN-STARKEY.

Mr. Edward Tuten and Miss Beulah Starkey were happily united in holy bonds of matrimony at the home of Mr. Tyler Wednesday afternoon at five o'clock. Mr. Tuten is a very popular barber with the Swafford Barber Shop of Athens and Miss Starkey

NEWS OF MOULTON
AND LAWRENCE COUNTY

MOULTON, Ala., April 26.—Special—T. J. Cartee, aged seventy-six, a highly respected citizen of the Mountain Home community north of Moulton died at his home Monday, April 23, 19223; he leaves a number of relatives in and around Mountain Home.

Mr. annd Mrs. G. O. Chenault of Albany were in Moulton Monday; Mr. Chenault on legal business and Mrs. Chenault to visit her mother Mrs. Mollie Downing.

S. O. Maner of the Kitchens community accompanied by his little son spent Sunday night with his brother-in-law, A. W. Walker.

Robert White spent the week end with his wife and little one in Moulton.

Mr. and Mrs. Fred Stewart and children of Albany spent the week end with relatives in Moulton.

W. L. Chenault, attorney of Russellville, was on business in Moulton Monday.

The school officials of Lawrence county are pleased that as a result of effort to get more books read in schools for the session now closing one thousand young people have received the Young People's Reading Circle certificate authorized by the State Department of Education: the certificate is awarded to any child who reads five books from the school library and adapted to his grade; in this instance this means that at least five thousand books have been read by the children mainly of the rural schools in order to secure the certificates but it also means that many other books were read for many pupils read books but failed to read the required five; it also means that the generation passing through the schools now will likely be one that reads papers and books more than does the present one; in the last session one hundred and twenty-four certificates were issued. Several grades in the Hatton school and in the Moulton public school are one hundred per cent holders of certificates. Only one certificate each year may be had by the pupil but at the end of four years he may receive Reading Circle diploma from the State Department of Education.

Sheriff Bent Lee had two more men to the boarding department of the county jail Saturday night in the persons of two illicit distillers from back in the mountains near Winston of the Kenlock section of Lawrence county; the still belonging to the two men was also captured; the raid of Saturday afternoon was the second successful one made by the sheriff in the ten days past.

The report that it is possible that the highway between Albany-Decatur and Moulton will be finished by December—much earlier than was at first hoped—is very gratifying to the people in and around Moulton and east Lawrence; work is progressing rapidly in grading, rocking and construction of concrete bridges and culverts. It is reported that contracts will be let soon for continuation of the road near Moulton. When this highway is completed it will be an easy matter for persons to go between the two towns.

THAD B. LEHR, well-known Kansas City business man, who says his recent recovery of health is entirely due to Tanlac.

"I can place only the highest estimate on the Tanlac treatment, for I have realized its wonderful merits in my own case," recently stated Thad B. Lehr, proprietor of the Lehr Shirt & Underwear Co., 2722 East 36th St., Kansas City, Mo.

"Before taking Tanlac I was suffering from nervousness, headaches, indigestion and loss of appetite, which had pulled me down until work was like a burden.

"Tanlac measured right up to my expectations and since taking it I am enjoying a full measure of good health. I eat and sleep like a school boy and have energy and strength that makes life and work a pleasure My confidence in Tanlac was certainly well placed."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold. adv.

Mrs Virginia Foster Jorrin.

Warren McConhe, wealthy New York lawyer and clubman, has been named defendant in a $500,000 alienation of affections suit, filed by Julio Gabriel de Forzaio y Jorrin, wealthy Cuban planter and investor, well known in the United States because of his frequent visits. The Cuban allegei McConihe has come between him and his beautiful wife, who until their marriage in Newport, R. I., in 1915, was the vivacious Virginia Lee Foster, of St. Louis. Mrs. Jorrin at present is in Paris and her husband in Havana. McConihe alleges the suit was filed because he had won a judgment of $50,000 against Jorrin for money he had loaned him.

Baird Reports On District Meeting

The feature of the Kiwanis luncheon at noon today was the report of E. F. Baird, who represented the local club at the Alabama-Florida district convention recently held at Pensacola, Florida, for which he received a vote of thanks by the entire club. Briefly he covered a wide range in ways that met the approval of his hearers and familiarized them with much that Kiwanis should know, especially the organization, functioning and relations one unit bears to the international organization.

Particularly he spoke of the incomparable hospitality extended to all delegates at Pensacola. Get ready for the Kiwanis district convention to be held at Huntsville in September. Let's go 100 per cent. On May 28,29, 30, 31, the international will meet at Atlanta, so make your arrangements now. The Morgan Kiwanis Club must have a fine delegation at this meet of course. You want to and will go.

Dr. James Graham Visits Health Unit

The county and Tennessee Valley health units had a visit today from Dr. James M. Graham, field director of the Alabam Tuberculosis Association. Dr. Graham has an office in Birmingham and also one with the state board of health at Montgomery.

He reported that the people of the state are responding more and more to the requirements necessary to wipe out the "Great White Plague." He said that funds were being rapidly raised in Birmingham for the Tuberculosis hospital for Jefferson county, and that about $300,000 was being sought. Dr. Graham said that he understood that about 500 people died annually in the Birmingham district from tuberculosis and that he believed there should be a hospital large enough in that county to provide approximately one bed for every fatality from the disease.

The state association does its work in close affiliation with the state board of health.
